

# EnergyWise<sup>SM</sup> General Guidelines for all Programs

Sponsored By:

**Nebraska Public Power District**

*"Always there when you need us"*

And its Participating Wholesale Utility Customers

## EnergyWise<sup>SM</sup> General Guidelines for all Programs

The following guidelines will generally apply to all programs unless otherwise noted. Exceptions will be handled on a case by case basis.

1. All incented equipment must be permanently installed except as exempted in program specific guidelines.
2. Incentives exceeding \$5000 require preapproval by the electric utility before purchase or installation.
3. No incentive(s) will be paid without the completion of the application form. **ALL CUSTOM INCENTIVES MUST BE APPROVED BY AN NPPD ENERGY EFFICIENCY CONSULTANT AND SIGNED AT THE BOTTOM OF THE APPLICATION PRIOR TO ANY REMOVAL OF THE CURRENT SYSTEM OR THE INSTALLATION OF THE PROPOSED SYSTEM.** After the proposed system installation is completed and operational and/or improvements are fully implemented, the completed application form will then be submitted to the electric utility for processing. Sales receipt(s) or invoice(s) itemizing the new equipment and indicating the size, type, make, model, purchase date, and/or scope-of-work provided must accompany each energy efficiency incentive application.
4. The incentive payment or account credit to the person responsible for the utility account will come directly from their local electric utility. It shall be up to local electric utility's discretion as to whether the incentive will be provided through an incentive payment or account credit.
5. NPPD reserves the right to do random spot checks of the performance verifications and EnergyWise<sup>SM</sup> program documents to ensure program compliance.
6. Participating electric utilities are wholesale customers of Nebraska Public Power District.
7. NPPD will make final determination of program compliance decisions and reserves the right to cancel the program without notice. Current program information is available at [www.NPPD.com](http://www.NPPD.com).
8. Energy conservation measures are eligible for only one incentive.
9. The local electric utility and NPPD are entitled to 100% of the energy benefits associated with the implemented Energy Conservation Measures, excluding the value of energy cost savings realized by the Customer, but including all rights to all associated energy, capacity, reserves, and emissions. The Customer agrees to provide the electric utility with such further documentation as the electric utility may request to confirm the electric utility's ownership of such benefits.

Authorized NPPD representatives:

Gary Folchert	402-644-3115	Mike Teetor	402-362-7323
Cory Fuehrer	402-362-7390	Steve Walker	308-530-0922
Roger Hunt	402-866-5191	Kenneth Young	402-563-5084
Bryce Landen	308-432-5516	Steve Zach	402-563-5472
Jim Loutzenhiser	402-379-6821
